

CONCERNED ABOUT YOUR DRIVING?

Get the reassurance or
confirmation you need

Mature Driver's Assessment

A trusted, affordable assessment
in your own car

IAM
DRIVING ROAD SAFETY

WHO is it for?

Any mature driver who wants to ensure that they're still safe to drive

If you're concerned that your reactions aren't as fast as they used to be, or that your general driving ability has deteriorated over time, the Mature Driver's Assessment offers a trustworthy second opinion to help you put your mind at rest – or rethink your options.

It can also be useful for those who haven't driven for a while; for example, partners taking over the main driving duties from a husband or wife and who need to know they're safe behind the wheel.

It can also offer you valuable reassurance prior to renewing your driving licence, which we all need to do at age 70.

“

“Recently, at the age of 73, I decided it was about time I found out if my standard of driving had deteriorated and if it had, to do something about it. I was delighted when my certificate came through the post. It did wonders for my confidence.”

John, mature driver, Essex

”

WHAT to expect

A 60-minute driving assessment followed by thorough, confidential feedback

You'll have your Mature Driver's Assessment in your own car, on familiar roads and at a time that suits you. And if you'd like a friend or family member to sit in, that's fine by us.

All feedback is confidential. As well as a full written report, you'll receive a certificate to recognise you as an 'Excellent' or 'Competent' driver, or be advised that your driving isn't quite up to scratch – and what you might do to improve it.

WHY the IAM?

The UK's largest independent road safety charity is here to support you

At the IAM, we're dedicated to improving standards and safety in driving and motorcycling – that's our only agenda; to keep you and your fellow road-users safe.

As a charity, we benefit from a nationwide network of volunteers who enable us to keep our prices low so that as many people as possible can benefit from our courses and services.

That's why we can offer the Mature Driver's Assessment for just £49 – all in.

THE Mature Driver's Assessment

A reliable second opinion, specifically for mature drivers

If you have any doubts about your driving ability, or simply need the reassurance of an impartial second opinion, a Mature Driver's Assessment could be perfect for you.

There's no formal test; just a 60-minute session in your own car with an approved assessor from the IAM. Feedback is entirely confidential and designed to assist you – or a relative – with the difficult and sensitive decision of if and when to stop driving.

At just £49, it could be one of the best investments you make for your own safety, the safety of your passengers and your confidence behind the wheel.

BOOST your driving confidence with the IAM

The IAM offers a wide range of courses for drivers and riders, designed to help you improve your skills, stay safe and become more confident on the road.

We understand the need for mobility and independence at all ages – and how much people want or need to drive. That's why we developed the Mature Driver's Assessment to offer help and reassurance to those who have concerns about their driving abilities.

Our aim is to provide you with support and guidance so you can continue driving for as long as it is safe to do so.
